Notice of ground investigation works

July 2019 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are now underway in your area, and are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

We will be in your area to carry out ground investigation works at a field access along the A429 section of the Coventry Road between Crackley and Coventry. These surveys will take up-to four days to complete during the week commencing Monday 5th August, subject to site conditions and permits.

The footpath around the field access will be closed for the duration of the works with a footway diversion in place. Temporary traffic lights will also be used to create a safe work area from 9:30am to 3:30pm and these will be removed at the end of each working day.
